CHILD SUPPORT SCHEDULE B
ADJUSTED INCOME

Discretionary Adjustment to Income for Other Qualified Children Living in Parent's Home

The Court has the discretion to consider an Adjustment to Income for qualified children under this section for the purpose of reducing a parent's gross income, if failure to consider an adjustment would cause substantial hardship to the parent.

If the Court considers an Adjustment to Income under this section, then the Court must also consider whether this Adjustment to Income is in the best interest of the child(ren) in this action

Adjustment may be considered only for children who meet ALL FIVE of the following requirements:

A. The parent is legally responsible for the qualified child (Stepchildren do not qualify);
B. The qualified child lives in the parent's home;
C. The parent is actually supporting the qualified child;
D. The qualified child is not subject to a preexisting child support order; and
E. The qualified child is not currently before the court to set, modify or enforce child support.

CHILD SUPPORT SCHEDULE E
Deviation (Special Circumstances)

Schedule E* - *Deviations and Special Circumstances

A. For each section completed, provide monthly amounts (annual amounts in certain areas) or other information as required. Enter amounts/data in yellow fields only. Calculations will automatically display in the appropriate white fields.

Low Income Deviation

The Court or Jury has discretion to allow or not allow the noncustodial parent to receive a Low Income Deviation that will reduce the Presumptive Amount of Child Support. If Low Income Deviation does not apply in this case, skip this section and begin at Line 2(a) of this Schedule.

Weighing Considerations Based Upon Sufficient Evidence:

When considering a Low Income Deviation, please read the statute at O.C.G.A. §19-6-15(i)(2)(B) or review the User Guide for the appropriate criteria for this deviation.
In weighing the income sources and expenses of both parents, and taking into account each parent's basic child support obligation as adjusted by health insurance and work related child care costs –

> Can the noncustodial parent provide evidence sufficient to demonstrate no earning capacity? Or, does his/her pro rata share of the presumptive amount of child support create an extreme economic hardship for such parent?

> What will be the relative hardship that a reduction in the amount of child support would have on the custodial parent's household? The needs of each parent? The needs of the child(ren) for whom child support is being determined? The ability of the noncustodial parent to pay child support?

NOTE: Low Income Deviation is entered as a positive number but treated as a subtraction when included with all other deviations. By use of this deviation, court or jury is not prohibited from granting an increase or decrease to the presumptive amount of child support by use of another deviation.

				Court or Jury Allowable Deviations Only the Court or Jury may enter an amount under column (c) or (d).	
☐	**To request Low Income Deviation**, click in box at left, check mark will display. White fields in Line 1a for Noncustodial Parent will become yellow in color and allow data entry. Uncheck box to remove request. Continue to Line 1a.	**(a) Mother**	**(b) Father**	***(c) Mother**	***(d) Father**
1a.	Enter "Proposed Low Income Deviation amount" AS A POSITIVE NUMBER under noncustodial parent's column. Amount will be used unless Line 1b applies.	$0.00	$0.00	$0.00	$0.00
1b.	>If amount entered in Line 1a will make final child support obligation less than minimum order amount allowed when Low Income Deviation is granted, new deviation amount will display in Line 1b and used in calculations. >If entry in Line 1a results in amount equal to or greater than minimum order allowed, amount in Line 1a will automatically be used in the calculations.	$0.00	$0.00	$0.00	$0.00
☐	**DISCRETIONARY CHECK BOX FOR COURT OR JURY ONLY: Use to exclude or change deviation amount that displays in Line 1b.** Enter "Discretionary amount allowed by Court/Jury" AS A POSITIVE NUMBER under noncustodial parent's column. (See Bubble Box for details.)				

Explanation for Requesting a Low Income Deviation: Write in box below any additional explanation as to why the noncustodial parent should be granted a Low Income Deviation. (Questions at Boxes B, C and D must also be answered for this deviation.)

High Income and Other Amounts

Enter a positive (+) or negative (-) dollar amount in the appropriate column for the noncustodial parent to increase or decrease the amount of child support. Enter only the amount of the deviation in the noncustodial parent's column. Only amounts listed in the noncustodial parent's column will affect the child support calculation.

2(a).	High Income - Combined Adjusted Income greater than $30,000/month from ***Child Support Worksheet***, Line 2.	#NAME?

Instructions for this section: Enter requested deviation amounts under the noncustodial parent column as a "positive (+)" number for an upward deviation or as a "negative (-)" number for a downward deviation. Do not enter the monthly amount of expenses in Lines 2(b)-10; enter only amount(s) you want the court to consider as a requested deviation from the Presumptive Amount of Child Support. Title II Social Security Benefits	Old age, survivors and disability benefits for a child who is either unmarried and has not attained the age of 18, is still in secondary school and under 19 years of age, or is under a disability which began before he attained the age of 22 years of age. The child must also be a dependent of the insured individual.
Uninsured Health Care Expenses	Uninsured health care expenses means a child's uninsured medical expenses including, but not limited to, health insurance copayments, deductibles, and such other costs as are reasonably necessary for orthodontia, dental treatment, asthma treatments, physical therapy, vision care, and any acute or chronic medical or health problem or mental health illness, including counseling and other medical or mental health expenses, that are not covered by insurance. For further reference see paragraph (3) of subsection (h) of this Code section.
Visitation Related Travel Expenses	Visitation Related Travel Expenses means travel expenses related to Court ordered visitation that are substantial in cost due to the distance between the Parents. The Court may order the allocation of such costs as a Deviation, taking into consideration the circumstances of the respective Parents as well as which Parent moved and the reason for such move.

Terms	Explanation
Work Related Child Costs	Work related child care costs means expenses for the care of the child for whom support is being determined which are due to employment of either parent. In an appropriate case, the court may consider the child care costs associated with a parent's job search or the training or education of a parent necessary to obtain a job or enhance earning potential, not to exceed a reasonable time as determined by the court, if the parent proves by a preponderance of the evidence that the job search, job training, or education will benefit the child being supported. The term shall be projected for the next consecutive 12 months and averaged to obtain a monthly amount. For further reference see
Worksheet	Worksheet or Child Support Worksheet means the document used to record information necessary to determine and calculate monthly child support. For further reference see subsection (m) of O.C.G.A. § 19-6-15.
