	1						
	1						
	1		Formula for red number is =SUM(OFFSET(RC[1], 0, 0, -4)				
3	0		Red number is supposed to be 3, not 0.				
	3		MS Office docs state that height parameter of the OFFS				
	3		But MS instead respects the negative value, creating a				
	3						
			Same applies for the width parameter, see below:				
1	1	1	0	3	3	3	
			3				

ET function should be positive, so L0 converts negative values to default 1.
