On Valentine’s Day, it’s perfect to gift the iBall Andi 3.5

This **Valentine's iBall** has wrapped up a shiny package to make it all special---The **Andi** range of smart phones now has a brand new variant to it, the iBall Andi 3.5 in the entry level range for smart **phones**. The **Andi 3.5** has a 1 **GHz Cortex A9 Processor** at its core, coupled with the **1500mAh battery**. Running on **Android** 2.3.6 **Gingerbread**, the interface isn't short on being sharp and bearing utilities. This gizmo comes with 2.0 MP back camera with **LED** Flash and a front camera, making video chatting with friends much easier. The device is priced at Rs 4,499/-

And to top it all it has the **HVGA** screen giving it a sharp and crisp screen as compared to most other phones in the entry level segment.

The Andi 3.5's super-responsive 3.5-inch capacitive **touch screen** is backed by sleek corners. The phone comes in white and 'special wine' colours. It is bundled with A-GPS, a **technology** that helps travel lovers in their quest for finding new places, the phone could be an extension for those with busy schedules. Memories can be captured and stored on a **micro SD card**, extendable upto 32 GB. Moreover, its G-sensor will make it easy controlling the device.

Like many high-performance phones of its series, the Andi 3.5 has a **dual-SIM** dual stand-by facility, allowing swift transition from one network to another.

Along with **EDGE Support** and **GPRS Dual Band**, it is also **Wi-Fi e**nabled and equipped with the A2DP Bluetooth feature, enhancing downloads of latest games, music and images.

Available at an attractive best buy price of Rs 4,499, the Andi 3.5 is set to slip into the comfort zone of 'value for money' seekers. Beautiful, high on performance and dependable - here's something you'd want in your partner on Valentine's Day!

About iBall

Team, Passion, Innovation….the brand iBall stands by these three pillars of strength, which has helped write a success story, not just for the company alone, but for all associated with it. Launched in 2001 with a single product category has today a gigantic range of over 300 products in its 26 product categories. It has also launched over 35 products with new technologies for the first time in India. iBall’s last major category launch was iBall Slide (Tablet PC), during September. iBall has already sold over 24 million products. The Company has a strong pan India presence with 24 branch offices across the country, with its products available in over 400 cities and towns. iBall products are serviced at its self-owned over 125 service centres spread across India. iBall is a well accepted brand in the corporate world and is fast becoming a household name throughout the country.
