Business

Tonight was the first meeting at Treloar's Restaurant. Everyone seemed pleased with the meal, the service and the sound system.
Members'attention was drawn to the new Rotary cupboard next to the bar.
Ian Howlett congratulated members on the new clubroom committee.
Patsy Rayner sent a thankyou letter for good wishes after her recent surgery.
Ian has liased with David Bond re use of storage shed for auction items at showgrounds. Have been promised one of the bird sheds.
Volunteers are still being sought for the Rotary stand at the Royal Adelaide Show.

Speaker

Rod Cunningham gave a lively and well- illustrated presentation about his recent visit, with wife Viv and her friend, to Turkey. They took a 15 day bus tour from Istanbul, anti-clockwise around the country. Turkey has a population of 75 million and is the size of NSW. The Capital is Ankara, but Istanbul is the largest city. It was the centre of trade between Asia and Europe for thousands of years. The religion is moderate Islamic, but there is a history of Christianity. The Apostle Paul made several journeys to or through Turkey. The climate has seven distinct regions – temperatures range from -43C to 45C across the country. A high level of shipping deals with oil and gas from Russia. Recreational fishing is very popular. Sheepskin leather garments, ceramics and carpets are their main artisan products.
Archaeological sites include Troy and Ephesus, one of the world's greatest ruined cities. Reputedly, one of the houses was the home of the Virgin Mary. At Cappadocia, homes are carved out of the volcanic rock formations.
The favourite form of transport is by tractors, used for both work and recreation.
The trip included a visit to Anzac Cove and Lone Pine, where red poppies grow freely.
Thankyou Rod, for a very interesting and educational talk about this unusual country.
