This document is created for table testing.

I suggested cover the following aspects:

1. Ordinary or standard table
2. Complex table by drawing table
3. Table with minimum/maximum columns
4. Table/row cross pages (header row settings)
5. Table caption
6. Table/row/cell with different border and shading
7. Table autofit settings (fit to content, window and fixed column width)
8. Table/cell alignment
9. Text wrapping
10. Positioning (vertical/horizontal relative, distance to surrounding text, move with text, overlap)
11. Table content: Nested table with different style
12. Other content
