

Typical Presentation

PowerPoint 10
Created 12/6/99

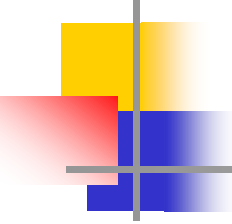

Textboxes are very common

Text Only Slide

- 29% of slides created in a typical PowerPoint presentation contain only text
- This percentage have gone down in recent years, more people are using graphics
- Title and bullet layout is the most popular layout chosen

Users don't always want their text to appear in the same place as our placeholders.

Graphics Usage

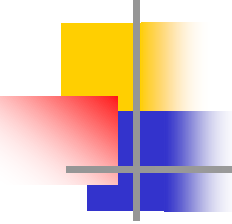

- 29% of slides in a typical presentation contain graphics that are scanned or imported
- GIF image is on this slide
 - 58% users have included GIFs in their slides
- JPEG image is on the title slide
 - 79% users have included JPEGs in their slides
 - Big increase in digital cameras and scanners drives JPEG usage
 - Common to have small graphic on title slide to “dress” it up

Source for usage data in this presentation can be found on the PowerPoint Product Planning web site

Second Most Popular Layout

Title and Blank: then add a photo

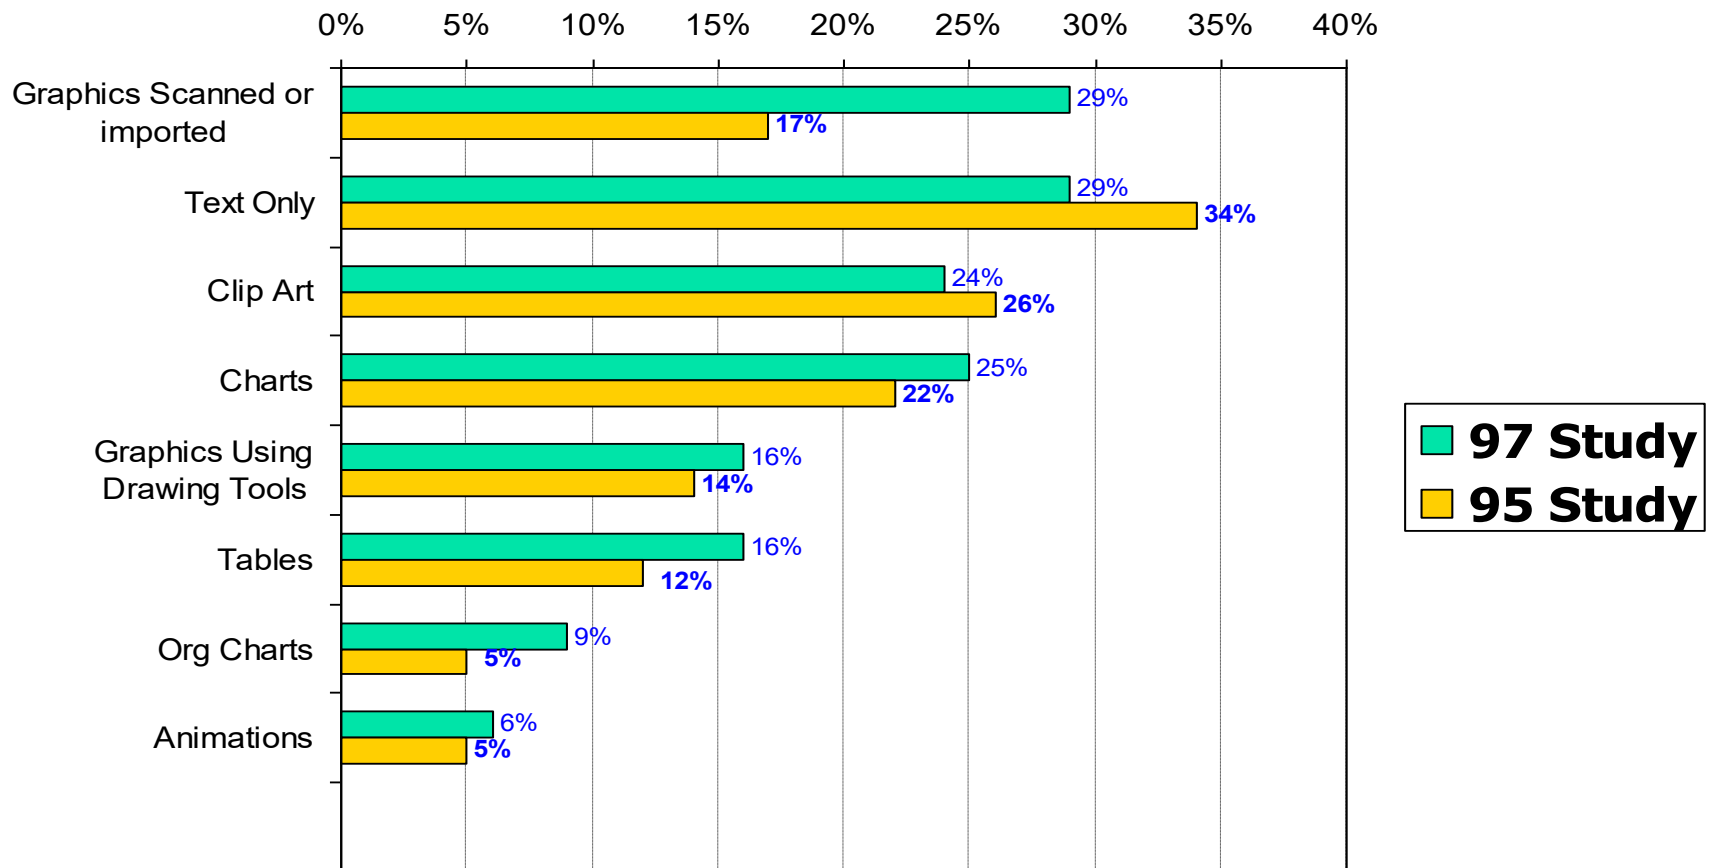

Text and Clip Art Object

- This is the 5th most popular layout
- Clip art is the third most used objects in slides
- Clip art is used in 26% of slides in a typical presentation
- 89% of users have used clip art in their presentations

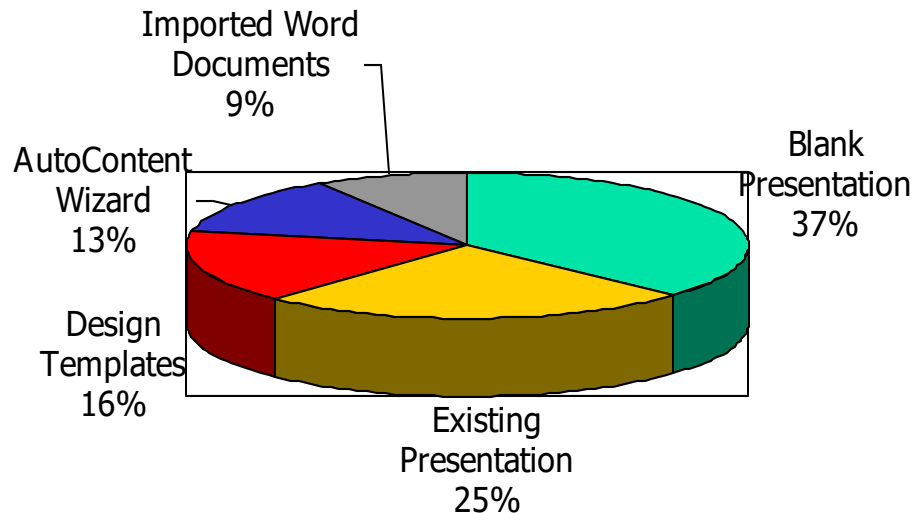

Always Popular – Charts Are in 25% of Slides Created

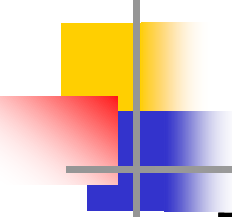

Another Popular Chart Type

Pie Chart

What percentage of time do you start a presentation using?

Lots of Tables

	1 st Quarter	2 nd Quarter	3 rd Quarter	4 th Quarter
North America	55,000,000	67,000,000	69,000,000	81,000,000
Europe	34,000,000	45,000,000	47,000,000	54,000,000
Asia	29,000,000	35,000,000	32,000,000	30,000,000
Latin America	11,000,000	9,000,000	15,000,000	17,000,000

Tables are used in 16% of PowerPoint Slides

Diagrams are Hand Drawn

Using a combination of photos, autoshapes, and textboxes

Separate textbox

Network diagrams

Tediously Drawn "Network" diagrams

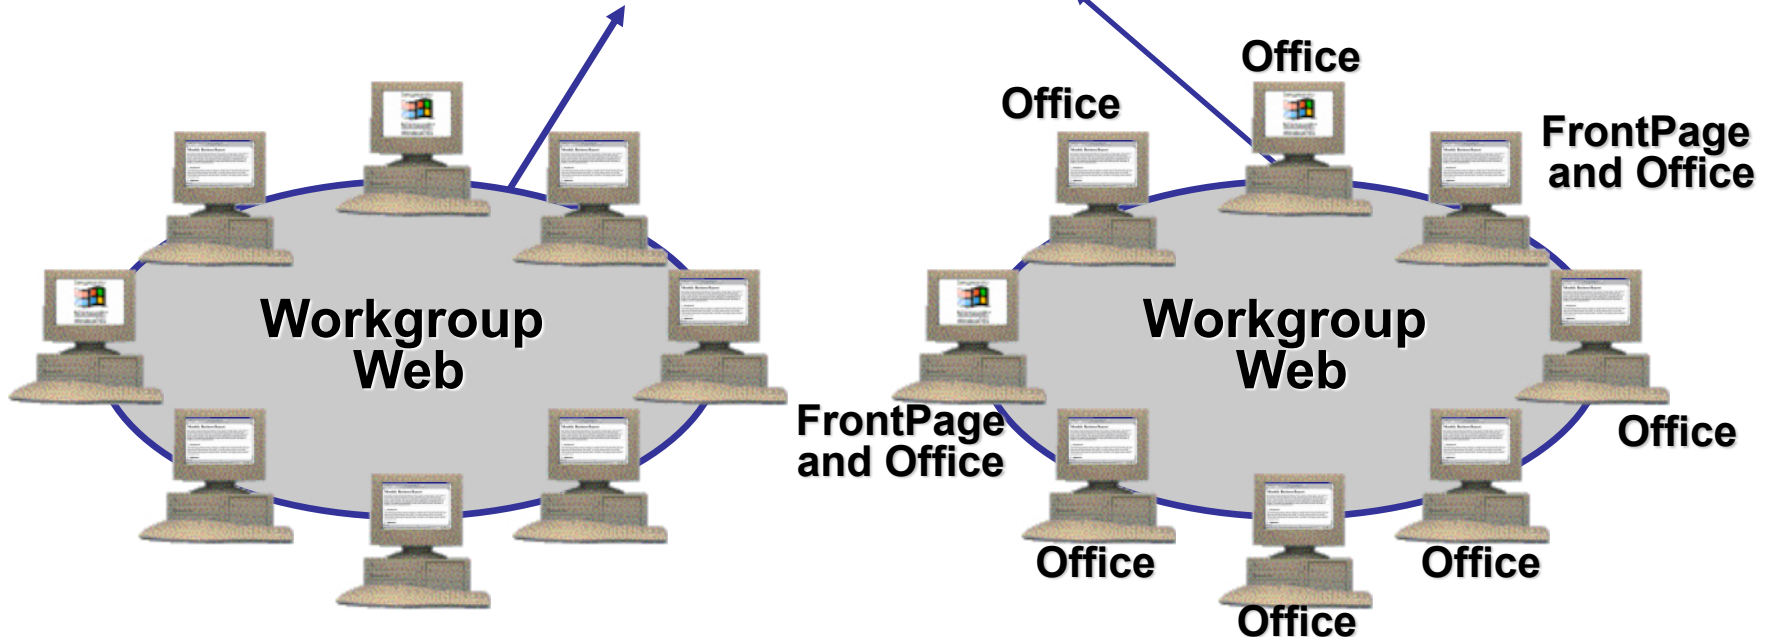

Ovals and rectangles are used the most

Often Slides Have Lots of Little Textboxes

Missing in Action

- We need to add a few other common diagram types to this presentation
- These are dev tasks to be done in MM2
- We also need to redo the animations in the presentation since it will be completely different code from PP9
- Also dev tasks to be done in MM2
