

	1		
	1		
	1		Formula for red number is =SUM(OFFSET(RC[1], 0, 0, -4)
3	0		Red number is supposed to be 3, not 0.
	3		MS Office docs state that height parameter of the OFFS
	3		But MS instead respects the negative value, creating a
	3		
			Same applies for the width parameter, see below:
1	1	1	0 3 3 3
			3

ET function should be positive, so L0 converts negative values to default 1.
