

Docx does not balance columns
before a page-break!

Don't evenly
distribute,
please.

Columns are
unbalanced
before a regular
page break.

We already
handle not
balancing
before a regular
page break.

This is after a regular page break.

Evenly distributed.

Continuous break section after a regular page break

A page-break-section should be treated the same way as a page break – unbalanced columns.

Don't evenly distribute, please.

New page-break-section. Docx does not balance the last section.

Don't evenly distribute,
please.

Don't evenly distribute,
please.
