

Introduction

This is an MS-Word 97 formatted document created using NeoOffice *v. 2.2.3 Patch 5*
(OpenOffice.org *v. 2.2.1*).

It is used to confirm that text insertion works even if Unicode characters (such as “—” (U+2014),
“兀” (U+2E8E), or “✓” (U+2714)) are present.
