

Monies Paid by customer	Sales People	date	profit	invoice number	Excl	>10000
10000	as	2013/1/13	500	JKL10A	excl	1
5000	as	2013/1/14	200	KOP10	list	
1000	fd	2013/3/12	123	NJI10	list	
2000	as	2013/3/15	56	CHJ10	list	
13000	as	2013/4/10	458	UEI20	list	1
500	fd	2013/4/11	235	CHU10C	excl	

even though in jan 'as' made 700 profit, because there is a letter on the end of the invoice

This is what it should look like when finished.

jan	profit	monies over 10k	mar	profit	apr	profit	monies over 10k
as	200	1	fd	123	as	458	1
			as	56	fd	0	

I need a separate formula to work out how many times each sales person has had monies paid b

Thank you I hope this makes more sense.

invoice number	Monies Paid by customer	date					
Client Contract Number	Sold Client Currency	Sold Client Amount	Client Bought Currency	Client Bought Amount	Client rate	Contract Date	Value Date
JKL10A	GBP	10000	EUR	11000.00	1.1000	2013/1/13	2013/1/15
KOP10	GBP	5000	EUR	5500.00	1.1000	2013/1/14	2013/1/16
NJI10	GBP	1000	EUR	1100.00	1.1000	2013/3/12	2013/3/14
CHJ10	GBP	2000	EUR	2200.00	1.1000	2013/3/15	2013/3/17
UEI20	GBP	13000	EUR	14300.00	1.1000	2013/4/10	2013/4/12
CHU10C	GBP	500	EUR	550.00	1.1000	2013/4/11	2013/4/11

number jkl10a this should not be calculated only 200 should be because KOP10 has 1

by the customer that is over 10k each month but again I do not want any invoice numl

Sales People profit

Client Name	Account Manager	Sales / IB Profit
