WordArt samples You can easily change the formatting of selected text in the document text by choosing a look for the selected text from the Quick Styles gallery on the Home tab. You can also format text directly by using the other controls on the Home tab. Most controls offer a choice of using the look from the current theme or using a format that you specify directly.

A large, solid orange shape that starts as a vertical bar on the right side of the page and extends horizontally to the left, forming a wide, flat-topped 'L' shape. The top-left corner of the horizontal bar is rounded. The shape covers the right half of the page and a portion of the left half.

On the Insert tab, the galleries include iter
