

## Border Tests

Paragraph border

Word has the concept of between-paragraph borders, which are not in LibreOffice yet as of LO 4.3:

These two paragraphs...

... have a thick/thin green border between them.

Character borders in Word must be on all four sides:

Dotted orange border, shadow border

## Table Borders

Table borders

Cell borders

These two cells...

...have a dashed border  
between them

## Picture Borders
